

Exciting Growth At Pavillon Greenville

by Barbara Bennett, MSN, RN, LNC, CARN-AP, LCAS, COO

Our Greenville Outpatient facility continues to serve the Upstate with quality programs and a dedicated staff. A family component was introduced into the Intensive Outpatient Program, to include family members of those enrolled in treatment as part of the group education and process work on a weekly basis. To reinforce the 12 step foundation, materials including the AA Big Book, Living Sober, and 12 step meeting lists and literature are all provided to participants as part of the program.

As Program members have grown, additional services are surfacing. A new women's 12 Step meeting is now being held at the GOS office on Mondays at 12noon, open to any and all women. The noon Yoga group continues to expand its' membership during the Tuesday schedule. With the increased numbers of women attending the Women's IOP, a now " for women only" Relapse Prevention Group has started and is receiving accolades for the focus on women's needs in recovery and relapse prevention. The addition of an Al-Anon group meeting, which will be open to all, is in the planning phase.
