

This brief test for alcohol abuse is an American Society of Addiction Medicine (ASAM) version of the CAGE Assessment Tool, a universally accepted assessment tool and one of the most common tests used for identifying alcohol use disorders.

*Have people annoyed you by criticizing or complaining about your drinking or drug use?*

*Have you ever felt bad or guilty about your drinking or drug use?*

*Have you ever had a drink or drug in the morning to steady your nerves or get rid of a hangover?*

*Do you use any drugs other than those prescribed by your physician?*

*Has a physician ever told you to cut down or quit use of alcohol or drugs?*

*Has your drinking or drug use caused family, job or legal problems?*

*When drinking or using drugs have you ever had a memory loss (blackout)?*

**If you answered yes to one or more of these questions, call Pavillon Greenville Outpatient Services to talk with someone who can help. Call 1-864-241-6688.**
